

WHO REMEMBERS HIDDEN VALLEY'S SUPPER CLUB?

What is it?

Years ago it was one of Hidden Valley's most wonderful traditions! It brought neighbors together who might never have met and created some enduring friendships. It's a dinner date *four times a year* where Hidden Valley couples dine together with six of their neighbors at designated residences for that month.

How does it work?

Interested couples sign up to be on the calendar for the year (*4 dinners*). The hosting house provides the main course and drinks. The other three couples each bring either the appetizer, salad and dessert. A schedule is created to mix it up so different couples dine together each time.

Once the schedule is out, which designates hosting houses and their dinner companions for each of the four months, the four couples simply work out the details on their own.

A wonderful tradition!

Younger couples dining with long-time Hidden Valley residents will be fascinated hearing about some of the history and crazy fun that went on in Hidden Valley's earlier years. You'll also dine with friends you already know. You'll get new recipes. You'll see some Hidden Valley homes and yards you always wanted to see. But most of all, you'll make friends with neighbors you never would have met otherwise, and you'll appreciate living in Hidden Valley even more.

We'd like to bring Supper Club back and want to know who might be interested.
